

**English:**

Next week we will be starting a unit on non-fiction writing - we will be focussing on nocturnal animals and the children will be aiming to create a leaflet about them by the end of the unit.

Any leaflet donations will be welcome over the next week as we always like to look at real life examples!

**Maths Day 2019:**

It's Maths Day on Monday of next week! The theme for the day is 'Geometry'. Children will take part in a range of activities across the day involving shape and space, including a Kandinsky art competition for house points!

You may wish to have a look at some Kandinsky art with your child over the weekend.

**Mathletics homework**

Just a reminder that this week the children should log in to Mathletics and complete the assigned activity - Comparing Length. Please be aware that we have just started a unit on measures and that children may need a little more of your support than usual to complete this activity.

Any questions or technical issues -

Have a great weekend!

Love, The Year One Team

**Red Nose Day - Friday 15<sup>th</sup> March**

Please note that as a school we are holding a red mufti day on this date in honour of Red Nose Day - children may come to school wearing as much red as possible!
