

English:

This week in English we have been looking at editing and improving our work! We have learnt why it is important to do this and what is the best technique. We are trying very hard to remember to correctly punctuate our sentences and make sure they are coherent.

Maths:

This week we have continued our work on time. We have been looking at time to the o'clock, half past, quarter past and quarter to on an analogue clock. We have also began to look at telling time to the 5 minutes. It is important we practice this every day!

PSHE:

This week we learnt all about being different and what makes us special. We created our own stars where we put down all of the things that make us special.

Have a happy Easter! 😊
