

English:

We have had a fantastic week learning about stories in a familiar setting, based around the book 'A lion in the meadow' Our grammar focus has been looking at nouns (objects, things) and adjectives (words to describe a thing or object).

Maths:

As we start the new year we have been looking back at some Year 1 areas to get our brains in the Maths zone again. We looked at adding and subtracting ones as well as place value (tens and ones).

Science:

In Science this week we have started to look at the properties of materials by testing their ability to absorb liquids.

Please remember to read with your child everyday, even 5 minutes helps, and then record the read in your child's Reading Records.

Soon we will be allocating books to the children through Bug Club.
