

1/12/16

This week we will be very busy practising our Christmas production. Apart from that this week we will be learning about...

English We will be practising all of the phonics sounds that we have learnt so far, from phase 2 to phase 3. We will be practising reading real and nonsense words and seeing all the progress that we have made. Please practise any sounds that you know your child is struggling with currently. Please check in Year 1 general correspondence on the website for the phase 2 and 3 sounds.

Maths We will be reviewing everything that we have learnt this term in maths, including shapes, addition and subtraction, 1 more and 1 less, coins, counting in 2s, 5s and 10s, and reading and writing numbers in numerals and words. Please practise any areas that your child may be struggling with.

Science In science we will be continuing looking at carnivores, herbivores and omnivores to complete our unit on animals.

Topic In topic we will be looking at Christmas, specifically the differences between commercial Christmas and traditional Christmas.

Please don't forget that we will require your child's costume for the Christmas production in on Thursday 8th December in a named plastic bag, ready for our dress rehearsal on Friday 9th December. If you are unsure what your child needs, please speak to your class teacher.

Love

The Year 1 Team
