

This week we have been looking at ...

English:

In English we have been investigating instruction writing. We have thought about when we may use instructions e.g. baking, building something. The children have read instructions and noticed what is included in them and then have written their own! We have used our knowledge of grammar by including time connectives,

imperative verbs (bossy) and adverbs.

Maths:

In Maths we have been learning about 2D and 3D shapes and their properties. We have discussed the shapes that we come across every day and have hunted for them in our environment.

Reminder

Please remember to sign up for a parents evening appointment. We look forward to seeing you.

P.E

Penguin Class: Tuesday and Wednesday

Seal: Tuesday and Wednesday

Dolphins: Tuesday and Friday

Science:

This week we looked at global, local and micro habitats. The children interacted with mini beasts in a micro habitat. They also experienced world habitats by looking at a sandy desert, a muddy jungle, a wet ocean and some icy areas! We also explored the woodland enclave and sensory garden to find local habitats.

Thank you for your continued support.

Love, The Year Two Team
