

30/01/17

This week we will be looking at...

English In English we will be continuing our work on traditional tales. We will be looking at the story of Chicken Licken, which we began last week, with the aim of writing our own story at the end of the week.

Maths In maths we will be looking at addition and subtraction of one digit and two digit numbers up to 20. We will be using mental methods, number lines and hundred squares to help with our calculations.

Science In science we will be continuing our topic of materials. We will be looking at different types of paper, and experimenting to find out which paper is best suited to different activities.

Topic Our theme day this week is Chinese New Year, celebrating the beginning of the Year of the Rooster. We will be looking at the traditional story that accompanies the festival, and looking at how people around the world celebrate the day.

International week is coming up so if you feel that you would like to come in and speak to your child's class about your national country, or provide some food from a country that is special to you, please speak to your class teacher.

Love

The Year 1 Team
