

15/05/17

We hope you have all had a lovely week, the sun is trying to shine and we've been out running the world!

English This week in English we will be learning about non-fiction texts. Our focus will be on bats and their habitats. The children will be creating their own bat fact file which will be made into a class book. Perhaps you could explore non-fiction texts and bats at home.

Maths We will be reinforcing our skill of counting in twos, fives and tens. The children will be recognising and using number and pictorial patterns. At home why not try counting forwards and backwards in these multiples while doing daily activities, i.e. getting dressed.

Science This week we hope the sun will continue to shine so that we can get out on our summer scavenger hunt. We will be looking for clues telling us that the season is changing. Whilst out and about what clues can you spot?

Topic In topic will be learning about the religion of Islam. The children will be exploring the Qua'rn and some of the Muslim practises.

Love The Year 1 Team

Helpful hints

If you want to practise counting and ordering in 10s - give this game a try!
