

English: 

The children have been so inspired by our School trip that we have chosen to continue the Legoland theme in our writing. We have described where Ollie the dragon lives, we have completed the story we started during the Legoland writing workshop and we have been role playing our stories to help add detail and conversation to the story. We have reflected on our time in Year Two and our aspirations for the future

Maths:

The children have been consolidating their learning this term through our final Maths quiz for the term.

If I have twenty one toys, can I sort them in to groups of five?

Reasoning is another topic we have been considering, linking it to sorting the children into their teams for Sports Day.

Year Three.

The children have met their Junior School buddies on Friday in preparation for their transition. The Teachers have had support meetings with the Year 5 teachers about the buddies and with the Year 3 teachers about possible class groupings in order to make the transition as smooth as possible.

P.E.

In the hot weather we have been careful about how much strenuous exercise we have done. Sports day practice, team work and the importance of considering my contribution to the team have kept us busy this week.

Remember Sports Day is on Wednesday 28th starting at 9.30am, you are welcome to come and cheer on your child.

Remember that on a hot day it is essential that each child has their own water bottle

Thank you for your continued support

Love, The Year Two Team
