

Week Beginning 18.9.2017

This week we have been.....

We have had an exciting third week at school! The children have enjoyed painting self-portraits after observing themselves carefully in a mirror. The children have been enjoying their lunches and are trying very hard to try any new foods - we have been very impressed! We have opened our outside area and the

children have had lots of fun playing in the sand, mud kitchen, construction, on the bikes and using the music area. They have all remembered to 'choose it, use it and put it away' in the classroom and outside - well done!

Coming up next week.....

We will be learning our harvest songs for the harvest festival on the 3rd October! The children will be learning about counting through songs and practising their careful counting using fingers.

A friendly reminder to please name label everything including PE kits! If you are worried about your child becoming dirty in the outside area, please send in a labelled old shirt and wellies to be kept on your child's peg.

Bug Challenge

Have a go at getting dressed on your own this week! As the weather gets colder and we need to wear coats, have a go at making sure the arms are the correct way out and try doing up your own zipper!
