

English:

We have continued to look at letters and some of the features we might find in them. Dear Teacher is a series of letters with excuses why Michael was going to be late for school and we have used this to help us create our own excuses some children were swallowed by their television; some had to become spies; some were abducted by pirates, and one or two even fell down the toilet!

Please remember spelling books for Monday mornings.

Maths:

The children have remembered their number bonds to 10 ($1+9=10$) and looked at how they can be used to work out number bonds to 100. Then they have used these bonds to look at Maths fact families and using the inverse. With 2, 8 and 10 we can make four Maths sentences $2+8=10$, $8+2=10$, $10-8=2$ and $10-2=8$.

PE has been great fun this week as we have been able to be outside for all the lessons. We have been practising our ball skills and even tried out tag rugby. Please remember that as the days get colder we might need tracksuit trousers to keep us warm.

Harvest Festival.

The Key Stage 1 (Years 1 and 2) harvest sing a long was a great success and a big thank you to everyone who came to see the children; the class reps for organising the food and to everyone who donated in one way or another.

Have a lovely weekend!

Love, The Year Two Team
