

English:

In English this week we have continued our wonderful Fables topic. We began the week by reading a selection of fables and selected our favourite. We developed our writing skills by learning about compound sentences and expanded noun phrases. We know what adjectives are and can use them to describe our characters. Towards the end of the week, we planned and wrote our own Fables that include animal characters and a moral. Due to our INSET day on Monday 20th November and fabulous DT day on Tuesday 21st November, spelling tests will be taking place on Wednesday next week.

Maths:

In Maths we started our new topic 'Statistics.' We have had lots of fun collecting data using tally charts and representing our results using both pictograms and block graphs. We have been asking and responding to questions about the data. We know how to find the most and least frequent choices and the difference between these. Next week we will be asking our own questions and making choices as to how we want to represent our results.

FRUIT	NUMBER OF CHILDREN WHO CHOSE IT
PEAR	
WATERMELON	
ORANGE	
APPLE	
BANANA	

Topic:

This week has been Anti-Bullying week. We focused our discussions around 'we are all different, but all equal.' We talked about what makes us different and made hands wreaths to show how we should behave to one another. What a kind and loving group of children!

Science:

We continued our work on Materials this week by exploring the school grounds. Our focus was the uses of materials. We then discussed which materials were used the most/ least and why their properties made them a suitable choice.

Have a lovely weekend and we will see you all on Tuesday!

Love, The Year Two Team
