

English:

This week in English we have started a new topic - Information books. We began by looking at pets and in particular dogs and cats. We will be remembering the features of non-fiction books, things like index, contents, glossary, captions and illustrations. We have written our own story trying to use the suffix -ing. We will be producing our own information books to show off what we have learned.

Maths:

Statistics continued this week and we have been able to explore the theme of 'All different, all equal' from anti bullying week. We chose a question we wanted to investigate; selected categories for the answers; carried out a survey across Year 2 before producing graphs to show our findings. Finally, we discussed what we found and asked questions of other children about their graphs. Next week we will be moving on to the exciting area of multiplication.

FRUIT	NUMBER OF CHILDREN WHO CHOSE IT
PEAR	
WATERMELON	
ORANGE	
APPLE	
BANANA	

Topic:

We had a fascinating day on Tuesday looking at different mechanisms where we found out about levers, sliders and wheels before using each one to create a moving picture to illustrate a traditional tale.

Computing:

During the INSET day on Monday the teachers attended a training course to find out how to use our new Chrome Books to their best effect to support all curriculum areas. We are all looking forward to whole class computing activities next week.

Have a lovely weekend and try to practise your lines!

Love, The Year Two Team
