

**Christmas Production:**

A very big thank you to all the parents, carers and helpers for helping the children learn their lines, producing the costumes and coming to watch the production. The children certainly enjoyed it and did an amazing job. We hope you enjoyed watching them.

**Maths:**

Next term we will continue teaching the children about addition and subtraction to 20. We will be focusing on starting with a given number and adding on or taking away from this. You could have a go at this by counting how many roast potatoes are on your plate at dinner and if you add any more. What happens when you start eating them?

**Christmas Parties:**

The children will be having their Christmas parties on Wednesday 20<sup>th</sup> December in the morning. Please can you send in a small plate of party food on the day, for your child to enjoy. Items could be a sandwich, a few crisps, a few biscuits, some cut fruit, an individual cake or vegetable sticks.

**Reading.**

Reading is a very important life skill, please continue to read with your child and record the reads in their Reading Record. Christmas is a super time to share a family story book that you can all enjoy.

Have a lovely weekend!

Love, The Year One Team
